

The 34th International Conference on Plastic Optical Fibers

Conference and Exhibition: September 29 – October 1, 2026

Ohm Innovation Center, Technische Hochschule Nürnberg, Germany

1st Call for Papers

We are pleased to announce the 34th Int. Conference on Plastic Optical Fibers (POF 2026), which will take place from September 29 to October 1, 2026, in Nuremberg, Germany.

In cooperation with the International Cooperative on Plastic Optical Fibers (ICPOF), the conference will be locally organized by the Polymer Optical Fiber Application Center (POF-AC) of the Technische Hochschule Nürnberg Georg Simon Ohm, a University of Applied Sciences named after one of its founding fathers. At the same time, the 25th anniversary of the POF-AC will be celebrated, which was founded in 2001. In addition, a workshop on integrated planar optical waveguides is planned for October 2, 2026, as a satellite event to the conference.

The venue will be the Ohm Innovation Center (OIC), a modern facility for research and events. It is located close to the historic city center of Nuremberg and is easily accessible by public transportation as well as by car.

Important Dates:

Abstract submission: June 15, 2026

Author notification: July 15, 2026

Full paper submission: September 1, 2026

Further information on paper templates, submission, registration, venue, and program will be published soon on the official conference homepage www.pof2026.org.

Local Steering Committee, on behalf of the ICPOF:

Prof. Dr. Olaf Ziemann, Prof. Dr. Rainer Engelbrecht (Chairs)
